

It's our business to make your facility safer.

IntelliCentrics is uniquely qualified to help hospitals and healthcare organizations to provide the best possible patient experience. By prioritizing security, our facilities meet or exceed compliance best practices by letting everyone in safely. Our best practices are adopted by more healthcare facilities across seven countries than all of our competitors combined.

10,000+ Facilities in North America
650,000+ Registered Members to Date

Rigorous process.

We employ the most rigorous credentialing processes and standards in the industry. Our automated process ensures fewer errors while lowering the risk of negligent credentialing.

Your world. Safer.

Making your facility safer is our number one priority. Help your vendor representatives be more productive to meet your facility's individual requirements. Our industry-leading credentialing process checks reps' qualifications for accuracy and grants access privileges to the areas you choose only after they meet your requirements.

IntelliCentrics is uniquely qualified to help hospitals and healthcare organizations maintain a safe and SEC³URE environment so they can provide the best possible patient experience. A security company with over 20 years of experience with the most requested and referenced standard for healthcare vendor credentialing.
